take control

with nexa law

We are a community of equals. There is no hierarchy or pecking order, no partners to please and no politics to distract you. In this shared and collaborative culture, you can just get on with doing what you enjoy, when you want to do it. We place control of the work/life balance firmly in your hands whilst giving you the potential to increase your income.

Our solicitors have a minimum of eight years professional experience and a proven track record in their field. We are fully regulated by the SRA and all of our work is backed up by professional indemnity cover. With the lower overheads of our business model, we pass the savings directly to our consultants whilst providing top quality service without compromise.

Just like business today, law is no longer a 9-5 occupation.

business model

the forefront of change
with **nexa law**

We are at the vanguard of developments in the legal industry, offering a flexible and agile approach to commercial legal services that is fully adaptable to the needs of everybody involved - both clients and lawyers.

With our business model, we strip back the overhead and focus on providing the very best of what is required to practice without the unnecessary extras. This means we can maximise the amount of the fee received by the lawyer.

We've also stripped away the politics and hierarchy of the traditional law firm, giving you the freedom to focus on what matters most to you – practicing law.

At the same time, our modern, agile, forward thinking approach puts us at the cutting edge of law, allowing our well established, professional lawyers to provide an unparalleled service to their clients. We will continue to evolve and seek to remain at the forefront of change.

be an individual
with **nexa law**

You love law, you love life. You are a talented, entrepreneurial and autonomous solicitor who believes you deserve the freedom to take control of your working practices and lifestyle whilst increasing your potential income. If this sounds like you, then nexa law is your springboard to success.

nexa law is aimed at professional lawyers with not less than 8 years' post qualification experience. This ensures that all lawyers within nexa law have extensive experience in their field and are experts at what they do.

At nexa law you will be an individual but also will have scope to collaborate with other lawyers within and outside nexa. There will be the opportunity to refer and receive referrals and to receive work generated by advertising and marketing undertaken by nexa law.

nexa law will offer to the consultant lawyer an industry leading percentage of fees billed and paid.

Freedom and flexibility are at the heart of our philosophy. We let you set your own targets, fee structures and objectives, so that you can work as much as you want without the pressure of meeting the demands of a traditional law practice.

total confidence

with nexa law

As a consultant at nexa law, you will have access to a bespoke tech support environment designed to meet all of your needs.

Initial setup and systems training is tailored to your personal requirements as part of the induction process. Our helpdesk provides various options to support you with whatever queries you may have from time to time.

+ Equipment configuration

We can set up your new equipment either physically or by remote access, to get you up and running quickly without you having to be concerned about any technology matters.

+ Systems training

We offer training in the use of our operational systems as part of the induction process.

+ nexa law helpdesk service

The nexa law helpdesk offers free support for many of the everyday problems you may encounter. Assisting you with both technical and systems queries. With your permission we can remotely access your computer and help you sort out a variety of problems.

+ Our Technology Strategies

We use a cloud based case management system that you can access from anywhere as long as you have a suitable internet connection. Our hardware policy is not to dictate the type of computer you use to connect to the nexa law systems. However, they will need to be compatible with the case management system.

ready to practice law the new way?

Assuming you meet our requirements, all that is required to start is a notebook PC, printer, scanner, phone and stationery supplies and you will be ready to go. You will be a consultant providing your services to nexa law via your own limited company.
